SDCAC: A Future with Impact

I envision a future filled with impactful initiatives, Enhancing student growth and promoting engaging events. Through workshops, webinars, and skill-building classes, we can empower students to excel in diverse fields and contribute to the organization's success.

Elevating Student Skills

1

Workshops and Webinars

Workshops and webinars will provide hands-on training in various sectors like coding, design, and marketing, equipping students with practical skills.

2

Skill-Building Classes

Senior students will lead classes on full-stack development, video editing, design, and communication, etc for a peer-to-peer learning environment.

3

Event Preparation

Students will be equipped with the skills needed to effectively participate in SDCAC events, from public speaking to event planning.

4

Regular volunteer meets

conducting regular meets for volunteer to interact with them and makinh them active frequently to avpoid the communication gap before the events

Innovative Event Promotion

1

Social Media Campaigns

Utilize engaging content and interactive strategies to reach a wider audience on social media platforms.

2

Interactive Games and Contests

Host online games and contests to generate excitement and encourage participation in SDCAC events.

3

Collaborations with Influencers

Partner with relevant student influencers to promote events and reach a wider audience within the student community.

4

Effective offline promotions

going for every class to class for promoting our events before some days.
